Outreach Strategy: Prior Relationships vs. New Prospects

For Tier 1 (Prior Relationships) - Companies You've Worked With

Positioning: You're now offering independent services with the advantage of process familiarity and proven track record.

Key Message Template: "Hi [First Name],

I wanted to reach out because I've had the privilege of working with your team before, and I'm impressed with what you're building at [Company Name].

I'm now offering independent funding specialist services directly to companies like yours. Since I'm already familiar with your sales process and have successfully funded your clients, I thought it made sense to explore working together as an independent contractor.

Here's what I offer:

- Performance-based pricing (4% only when funded)
- Direct integration into your sales process
- Daily updates and support
- Proven track record with your client base

I'd love to discuss how we can scale your funding support. Would you be open to a quick 15-minute call this week?

Best, Lynne"

Outreach Channels:

1. Direct email to decision-maker (highest priority)
2. LinkedIn connection + personalized message
3. Phone call (if you have direct contact)
4. Referral introduction (if mutual connection available)

Timeline: Start with Tier 1 immediately—these are warm leads with existing relationships.

For Tiers 2-5 (New Prospects)

Positioning: You're a proven funding specialist with 5,000+ clients and are now seeking partnerships with high-ticket programs.

Key Message Template: "Hi [First Name],

I'm Lynne Faulkner, an independent funding specialist. I've successfully funded 5,000+ clients for high-ticket coaching, e-commerce education, and digital marketing companies.

I work with programs like yours to solve a specific problem: qualified prospects who are ready to commit but don't have the cash available upfront. I help them access personal loans and credit card financing, removing that final price barrier.

Here's how it works:

- Your sales rep transfers a qualified prospect to me
- I handle all funding details and provide daily updates
- You only pay 4% of the completed purchase when funded
- Zero upfront cost, zero risk

I'd love to explore if this could be a fit for [Company Name]. Would you be open to a brief conversation?

Check out my website: <https://funding-specialist-website.vercel.app>

Best, Lynne"

Outreach Channels:

1. Cold email (personalized for each company)
2. LinkedIn connection + follow-up message
3. Phone call (if contact found)
4. Event/networking outreach

Timeline: Start with Tier 2 companies after Tier 1 outreach is underway.

Expected Outcomes

Conservative Estimate (5 partnerships from 37 prospects):

- $5 \text{ companies} \times 15 \text{ prospects/week} = 75 \text{ prospects/week}$
- $75 \text{ prospects} \times 50\% \text{ qualification rate} = 37.5 \text{ qualified/week}$
- $37.5 \text{ qualified} \times 70\% \text{ funding rate} = 26 \text{ funded/week}$
- $26 \text{ funded} \times 10K_{average} \times 410,400/\text{week revenue}^{**}$

Aggressive Estimate (15 partnerships from 37 prospects):

- $15 \text{ companies} \times 20 \text{ prospects/week} = 300 \text{ prospects/week}$
 - $300 \text{ prospects} \times 50\% \text{ qualification rate} = 150 \text{ qualified/week}$
 - $150 \text{ qualified} \times 70\% \text{ funding rate} = 105 \text{ funded/week}$
 - $105 \text{ funded} \times 10K_{average} \times 442,000/\text{week revenue}^{**}$
-

Key Advantages of This Strategy

1. **Tier 1 Warm Leads:** 9 companies already know your work quality
 2. **Process Familiarity:** You understand their sales cycles and prospect profiles
 3. **Proven Track Record:** You can reference previous success with these companies
 4. **Lower Sales Friction:** Existing relationships reduce objection handling
 5. **Scalability:** 37 total prospects provides multiple revenue streams
 6. **Diversification:** Spread across multiple niches reduces dependency on any single company
-

Next Steps

1. **Gather Contact Information** - Find specific decision-makers at each company (prioritize Tier 1)
 2. **Customize Tier 1 Outreach** - Personalize messaging for prior relationships
 3. **Create Prospect Database** - Organize contacts and track outreach
 4. **Launch Tier 1 Campaign** - Start with warm leads from prior relationships
 5. **Track Results** - Monitor response rates and partnerships
 6. **Expand to Tier 2** - Once Tier 1 outreach is underway
 7. **Optimize Messaging** - Adjust based on what works
-

Note on Stealth Agents

Teo Vanyo – Stealth Agents has been excluded from this outreach list because:

- You worked with them as part of a team (not as an independent)
- The contracts have ended
- The context of your relationship was different
- Future outreach should wait until you have more independent track record to reference

Consider revisiting Stealth Agents after you've established 2-3 successful independent partnerships and can demonstrate your value as a standalone contractor.
